To whom it may concern:

Let this letter serve as a full recommendation of Peter Rutman, E.A. for tax preparation, accounting, and estate administration services.

I have known Peter for 5 years, and I have consulted with him regarding our healthcare audits and GAPP accounting procedures. He aided us in many transactions and disclosure to regulatory agencies.

If you have any questions with regard to the skills of Mr. Rutman, please call me at the above captioned phone number.

Sincerely,

Frank Labrozzi
