To whom it may concern:

I have had the opportunity to work with Peter Rutman for over 20 years. He has served as my tax advisor, tax preparer, and business consultant on a wide variety of projects. Peter is a man of his word, and can always be counted on to perform in a professional manner. I found Peter to be reliable, and somebody who goes "above and beyond" to satisfy his clients. After all these years of working with Peter, I consider him to be a man of high integrity, and a valued confidant.

I highly recommend Peter to anybody seeking a loyal and dependable business resource.
